

Fueling Brains Academy is proud to be part of the Canada-Alberta Canada-Wide Early Learning and Child Care Agreement, which aims to make child care more affordable for all families.

Through this agreement, the flat monthly parent fee will replace the Child Care Subsidy Program for children from zero to kindergarten age attending child care during regular school hours.

This flat monthly fee ensures greater transparency and predictability for families across the province, regardless of their chosen care provider. Additionally, this change opens up opportunities for parents to access our FBA programming, which may have previously been beyond their budget.

Children enrolled for 100 or more hours in a month are considered full-time children

Children enrolled for between 50 and 99 hours are considered part-time children

FBA will provide optional services such as meals, diapering supplies, etc. for an additional cost
